Don,

The latest crime statistics from the DA are out. Again, the difference between the Singing Arrow and Four Hills areas is pretty stark. 12 pages in the Singing Arrow Area. 3 items in the Four Hills Area, only one of which is in Four Hills. I don't know the exact demarcations of the DA's areas, but 12 pages vs 1 item is pretty telling.

I first wrote to you about this on Aug 20, and I've written several times since. I would very much appreciate knowing your position regarding the proposed development at 13001 E Central. Our membership is concerned about the crime implications.

Specifically we were told there was proposed public funding for this development. How much funding? For how long? And when the public funding runs out, then...? What about increased security if needed in the Four Hills area (among others), including the shopping and banking areas near Central and Tramway?

Sincerely

Roger Hartman
